N/A

ABSTRACT:

PURPOSE: To prevent moisture from penetrating into an electronic equipment case when a cover is opened for replacing a battery.

CONSTITUTION: Waterproofing packings 19 and 20 are provided both between an upper case 11 and a lower case 12 and between the lower case 12 and a cover 13 respectively, where the cases 11 and 12 and the cover 13 are brought into contact with each other with pressure and fixed together with screws 16, and a waterproofing packing 21 is provided between the lower case 12 and a printed board 14 to prevent moisture from penetrating into a case through a gap between the lower case 12 and the board 14 when the cover 13 is opened for replacing a battery 17.
